The PVO Building and The Entrance

Location Vliegende Vaart

In the location Vliegende Vaart there are two buildings, the original Personnel Association Building, called Personnel Association Meeting Center ("PVO") and the "Oval Ball".

An overview of the terrain can be seen below.

The site is surrounded by fencing for the security of the buildings and other facilities on site.

The welcome to the PVO buildings at Flying Canal 10 is via the main entrance, the fencing next to the Tennis Association. After passing the entrance there is a small roundabout with a disabled parking facility for four to six cars.

There is a bicycle shed with a security camera for the protection of the bikes.
